All Saints Church, Wouldham

Welcome our new Priest

The Revd Nicky Rawlins is to be appointed the new Priest in Charge of the Benefice of Burham and Wouldham, with a plan to be licensed in early Autumn. Nicky is married to Nigel with three adult children. From 2004 Nicky was a Reader at St Stephen's Church Chatham. Following her call to explore ordination, Nicky attended training at St Augustine's College of Theology in West Malling and served her curacy at St Augustine's Church in Gillingham. Nicky has most recently been Associate Vicar in the Victory Benefice Gillingham.

Speedwatch

The Speedwatch continue to monitor speeds. However, we still need residents in Peters Village to become part of the team!

Due to the amount of speeding around the Parish, we are arranging with the Police for mobile units to attend **SO**, **WATCH YOUR SPEED!**

If you would like to join this group please register on:

https://communityspeedwatch.org/FRONT-v2-Register.php

Financial Support

If you are struggling with debt or need advice on benefits please contact: Citizens Advice in North & West Kent - Tonbridge & Samp; Malling on 0808 2787810

Or visit: https://www.citizensadvicenwk.org.uk

Roads/Footpaths/Grounds Maintenance

As a reminder, potholes etc can be reported directly to KCC through their website: https://www.kent.gov.uk/roads-and-travel/what-welookafter/roads/potholes

Water leaks can also be reported to: www.southeastwater.co.uk

Defibrillators

The Parish Council have paid for 3 defibrillators in the village. They are located at both ends of the village: THE VILLAGE HALL, 15 High Street and THE COMMUNITY CENTRE, Tolhurst Close, Peters Village. We are also hoping to have an additional one installed at the Watermans Arms soon. If needed, call 999. The emergency service will give you the address and access code to access the equipment as well as instruct you in its use. The Landlord at the WATERMANS ARMS is currently finalising the installation of another one on their premises.

Lifebuoys

As we all live near a very fast-moving river, the Parish Council have paid for Lifebuoys along the river in Peters Village. It is vital that these are always fit for purpose. They are checked monthly by Councillors and should only be opened in case of emergency.

Public Open Spaces

DOG POO! Parks, footpaths, other people's gardens - we really need ALL DOG OWNERS to do their bit. Dog poo is linked to illness, pollution and antibiotic resistance. Dog faeces may contain microorganisms that cause illness in humans such as Salmonella, E. coli, Giardia and internal parasites. Dog poo can also be a potential reservoir for antibiotic-resistant bacteria, meaning humans could develop bacterial infections that are difficult to treat. Wouldham has the highest number of dog poo bins per capita than anywhere else in the borough and 'poo bag' bottles are located at many points in both the old and new village, so **PLEASE USE THEM!**

Volunteers Needed

Youth Clubs have now started in All Saints School and the Village Hall and need committed volunteers to support on a Tuesday or Thursday. Full support and Safeguarding training will be offered as well as a free Enhance DBS check.

Anyone interested should contact ycworker@wouldhampc.co.uk

New Neighbourhood Watch

Cllr Britchfield is setting up a new scheme for the old village to run along the current scheme in Peters village. Please visit: https://www.ourwatch.org.uk/ to sign up to either scheme.

Spotlight on the High Street

It has been noticed over the summer that the High Street is not looking too good and there appears to be residents who think that it is OK to park on double yellow lines, on junctions or in no parking areas. It is NOT!

Can we please ask residents to try to keep their front gardens tidy, or at least to not allow weeds, household items to encroach onto the path and that everyone considers their neighbours when parking.

We have been in contact with KCC for them to deal with the weeds on the footpath, so it would be nice for the whole area to look more cared for.

New Knit & Natter Group

Our Youth & Community Worker, Ann-Marie is looking to start a friendly, informal group to run

alternate Monday mornings in the Village Hall. Anyone interested or able to help, please contact ycworker@wouldhampc.co.uk for further information.

Summer Fair

'Despite some spots of rain and strong winds the Wouldham Summer Fair went ahead undeterred. With a range of stall including, food, crafts and local services there was something of interest for everyone. There were also amusements for the youngsters along with live music and a visit from Kent Fire & Rescue. Spirits weren't dampened by the weather and there was a consistent turnout throughout the afternoon. A great example of village spirit, building connections and adding to community cohesion.

Thank you and congratulations to all involved in the organisation of this event'. Simon White – KCC

And Finally...

If you would like to become a volunteer driver, or have any suggestions for learning courses, please get in touch with me.

Supporting Woudlham and Peters Village Community

Since my election, I have arranged for the following grants to support Wouldham and Peters Village community:

£500 towards the new defibrillator at Peters Village

£600 for Sue Cave's 'Animals Lost and Found in Kent'

£600 over two years for Wouldham Brownies and Guides for new parade flags and equipment

£500 to help re-establish the Wouldham Youth Club

£500 to celebrate Queen Elizabeth's Platinum Jubilee and to give every child a commemorative mug

£711 for litter picking supplies

£400 to give every child at Wouldham All Saints Primary School a packet of sunflower seeds to grow over summer

£300 for Christmas Hampers for Wouldham's military veterans and residents struggling to make ends-meet

£55,000 to finance the new Wouldham and Burham Community Minibus

£1,400 over four years to cover the cost of the annual Christmas Lunch for Wouldham Over 60s Club

"Everyone knows someone who has been helped by Andrew Kennedy."

I hope that is true - I have certainly done my best.

- When you elected me I promised not to claim a penny in expenses and I haven't
- I promised not to accept any gifts or taxpayer funded hospitality
 and I haven't
- I promised to oppose any pay rises and, if voted through by others, to donate that money to the local community - and I have!

Can I ride my e-scooter to school or work?

No, it's Illegal...

E-scooters are classed as motor vehicles and are required to be taxed and insured. It's not possible to get insurance for privately owned e-scooters, which means it's illegal to use them.

Can I ride my e-scooter on the pavement?

No, it's Illegal...

You cannot use e-scooters on public footpaths, cycle lanes or roads.

What happens if I'm caught using my e-scooter in public spaces?

The scooter may be seized and as a result, destroyed.

If stopped by an officer, you may be asked to complete a breath and drugs test. You also risk a £300 fine and six penalty points on your licence for no insurance.

Think before you buy:

The number of electrical scooters being used on our streets has risen, as well as reports of serious injury and fatalities.

For more information and advice on the use of e-scooters visit www.kent.police.uk/road-safety

October - November in Your Garden

'How beautifully leaves grow old. How full of light and colour are their last days.'

As the nights draw in and the temperatures drop, so do the autumn leaves. One of the most wonderous sights of the gardening year is the warm hues of autumn leaves as they fall to the ground and create a multi-coloured carpet across once grey pavements. Be sure to enjoy this last blast of colour before the winter months arrive – wrap up warm for an autumnal walk in parks and forests to really make the most of it.

Autumn is often seen as a time to 'put the garden away for winter', but there is often still routine jobs that can be done through autumn and in winter, if the weather allows. Resist, if you can, to be too tidy as leaving some stems, twigs and leaves lying on the ground or in situ before being cut back, will aid hibernation of many of our beneficial insects. Clearing can wait until spring if you can bear it. However, raking up (most of the) fallen leaves is an essential job to maintain the lawn – but they can be swept into beds and borders & left to rot down, or collected up into sacks or a separate pile to create leaf-mould, which is an excellent soil improver.

If you haven't given hedges a final tidy, then do this before November ideally, as by then some birds are already eyeing up nesting sites ready for early next year. Choose a fine (frost free), dry day to do this to minimise damage to leaves and to give the stems time to heal over before dusk.

Autumn is the best time to be planting spring bulbs – classics such as Narcissi, Hyacinth, Snowdrops, Aconites, Crocus and Anemones can all be planted in Sept/Oct, but wait until Nov if you are planting out Tulips & Alliums. For something a bit different, choose Fritillaria (there are tall Crown Imperial, or smaller Raddeana, or Meleagris which is great for naturalising), Squill (great for coastal locations), Camassia (best naturalised through lawns) or Erythronium (great for shady borders). Bulbs can be planted into pots (use the lasagne

method to really make the most of the space by layering up bulbs – largest at the bottom and smallest at the top), into borders either in clumps or drifts for the best impact, or into lawn to naturalise.

Any new planting should also be done before the end of October, whilst the soil still retains some warmth, but has the advantage of the autumn rain to maintain moisture. Shrubs can be planted out, and even weary perennials can be lifted, divided and replanted in autumn if the conditions are still warm and reasonably dry. Small trees can be planted too, but make sure to stake them as winter winds can cause wind rock, which will weaken to roots. Ensure you have some evergreen shrubs in your garden to give interest through the winter months too – Holly, Yew, Sarcococca and Viburnum all do well in our climate and can be maintained at the size and shape appropriate to your garden. They can also be topiarised if you so wish.

In the vegetable garden things will be slowing down for winter, and it is a time for prep for the next growing season. However, there are plenty of crops that will continue to grow and give a harvest through winter if you have planted them out through the summer months. Brussel Sprouts, Kale, Cabbages, Leeks, Carrots and parnsips will all be quite happy to grow in in the ground over winter. Finish harvesting remaining tomatoes, chillies and peppers, and prepare squashes for storage over the next few months. If you keep them in a cool dry place then they should keep perfectly well until December at least. If you have a real glut of veg then they can all be frozen, either raw, or prepped into soups and sauces ready to be used straight away. Spring cabbages can also be planted out now – but is a job to be done sooner, rather than later. If you are lucky enough to have a greenhouse, some crops can be grown on under cover, salads will be fine until it gets too cold, but consider sowing some winter salad leaves instead. Also brassicas can be grown under cover – purple sprouting broccoli for example – should be happy in the greenhouse until space is needed for other crops in spring.

Other things to be doing in the garden now:

- Harvest Apples and Pears, & store any excess for use through winter. Peel, dice & freeze for use in pies, crumbles & smoothies.
- Continue to mow the lawn if it is still growing, however cut on a higher setting than in the summer to avoid damage.
 Consider spiking the lawn if it has compacted areas – using a garden fork is fine – and brush in a mix of sand and compost to help aerate the ground.
- Empty pots with summer bedding in & replace with winter bedding plants to give some extra colour through winter.
 Heathers, Ivy, Pansies and Cyclamen are all hardy through the winter, & pop a few spring bulbs in to prolong the display into spring.
- Sow crops for early spring such as Broad Beans and Peas. Also Garlic and Onions can be planted out now.
- Autumn is bare-root season, so can be ideal for Roses, Fruit
 Trees and hedging. Prepare your planting space before they
 arrive as its important to plant these as soon as they arrive as
 the delicate roots can dry out quickly.
- Move pots with tender plants in to the shed or garage to keep them frost free over winter. Cut back foliage if required or cover with fleece for an extra layer of protection.
- Collect seeds from hardy perennials such as Hollyhock, Foxglove, Poppy and Astrantia. Store in envelopes in a dry place ready for sowing in spring, or scatter around the garden where you want them to grow next year.
